

Let's Do 'ECO Better' Together

OUR MISSION

Our intention is to create a magical experience on The English Riviera with a long-lasting eco-impact and long-lasting, sparkling memories.

OUR PRODUCT

The Inspiration is a unique, romantic, floating staycation...with a little eco-education thrown in. The Inspiration is situated on a marina on The English Riviera and it is surrounded by beautiful Blue Flag beaches. www.the-inspiration.com

OUR VISION

The Inspiration is indeed one-of-a-kind and our plan is incorporating a total eco-theme. We aim to showcase a wide variety of eco products and ideas on our boat/s for guests to experience and enjoy as part of the hamper that we leave for them on arrival. You can see from our reviews that guests do love the overall experience. www.the-inspiration.com and <https://airbnb.com/h/finding-inspiration>

ECO-AWE-INSPIRING OUR GUESTS

Our guests can relax and enjoy the many local Blue Flag beaches, the fun tourist attractions and if they feel like it, they can also get involved in various eco projects for as little or as long as they like during their stay. Two local eco-projects are:

The Seal Project:

Based at the same marina as The Inspiration, The Seal Project monitors and reduces the negative impact factors affecting grey seals and raises awareness of the importance of protecting this globally rare species.

The UNESCO Geopark:

The English Riviera Global UNESCO Geopark is located a short walk from The Inspiration and it is one of just 57 Global Geoparks in the World, with its rich geological, historical and cultural heritage. There are loads of opportunities to explore the stunning scenery of the Geopark – volunteering, kayaking, diving, coastering, sea-fishing and more - plus walking this beautiful stretch of the South West Coast Path.

THE INSPIRATION
- OUR NEXT ACTION POINTS -

Eco Issues	Comments	Our Actions To Become More ECO friendly
CARBON CONSCIOUS	The guests can use their private shower facilities on board or they can use the private yet shared shower facilities. This is static accommodation with solar panels and low wattage electricity.	
WASTE REDUCTION CHARITABLE DONATION	<p>Our guests are encouraged to use the various different bins for recycling.</p> <p>We give monthly donation to https://ecologi.com/theinspiration to ensure we stay workforce climate positive.</p> <p>The split in our donation is about 50/50 between goldstandard.org certified projects and https://edenprojects.org/ for the tree planting.</p>	
UK MADE	The glamboat accommodation is British made	
ETHICAL LABOUR PRACTICES	We work online from home and outsource to housekeepers and cleaners to look after our holiday lets. Our contractor in Pakistan helps us with all our web work and has been with us for over ten years.	
GUESTS	Whilst we welcome guests from any country, those coming from within the UK will be avoiding up to 700 - 2800 kg of CO 2 by skipping a flight for their holiday.	
CLEANING PRODUCTS	Ecover	-
